

To Wayan “Kan-chang” Kantor

Thank you so much for supporting us Japanese and Japanese surfers over the past 20 years! If it wasn't for you, Wayan, we would never have known the beauty of the splendid island of Bali. We were always able to visit Bali safely because we knew you were there waiting with your utmost kindness.

We are all very confused and sad that you had left us so suddenly. We all wish we could have spent more time with you and surf with you, and cultivate cultural exchanges between Bali and Japan.

Wayan, you are not there but we will continue to visit Bali for your family.

TERIMA KASIH, ARIGATO, Thank you Wayan, and good bye....

from your friends of Japan
